

# Renovation & Reorganization of the Multipurpose Hall Female Boarding School

Territorial Commune of Inchaden, Chtouka Ait Baha, Agadir Region's

**Partnership Between OPM & Azura Foundation**

# Project Overview

## Background

- The Inchaden Girls' Boarding School was established in 2006 by **Azura and its partners** to **give girls from rural community's access to secondary and high school education.**
- Every year, over thirty girls aged between 12 and 20 benefit from a safe and supportive learning environment.

## Azura Foundation's Ongoing Support

- Azura Foundation continually supports the Inchaden boarding school through programs designed to boost both **academic** achievement and **personal skills** among residents.
- Key initiatives include school supplies distribution, tutoring, career guidance, coaching, nutritional support, scholarships, and staff capacity-building for effective management

# Partnership Objectives with OPM

This partnership aims to transform the multipurpose hall in order to:

- Improve **daily life for residents** by providing comfortable, modern spaces for education and leisure.
- Enhance **learning conditions and** promote active engagement in **academic and extracurricular activities**.
- Encourage **personal development and community** spirit by offering social and recreational opportunities within the boarding school.

The redesigned layout will feature:

- A **library space** for reading and study.
- A **lounge** with a large TV for relaxation and group entertainment.
- A **board game area** for social interaction and mental stimulation.
- A **recreational zone** with ping-pong and foosball tables.

These improvements will help create a dynamic environment that nurtures learning, well-being, and a sense of belonging for all residents.

# Project Location

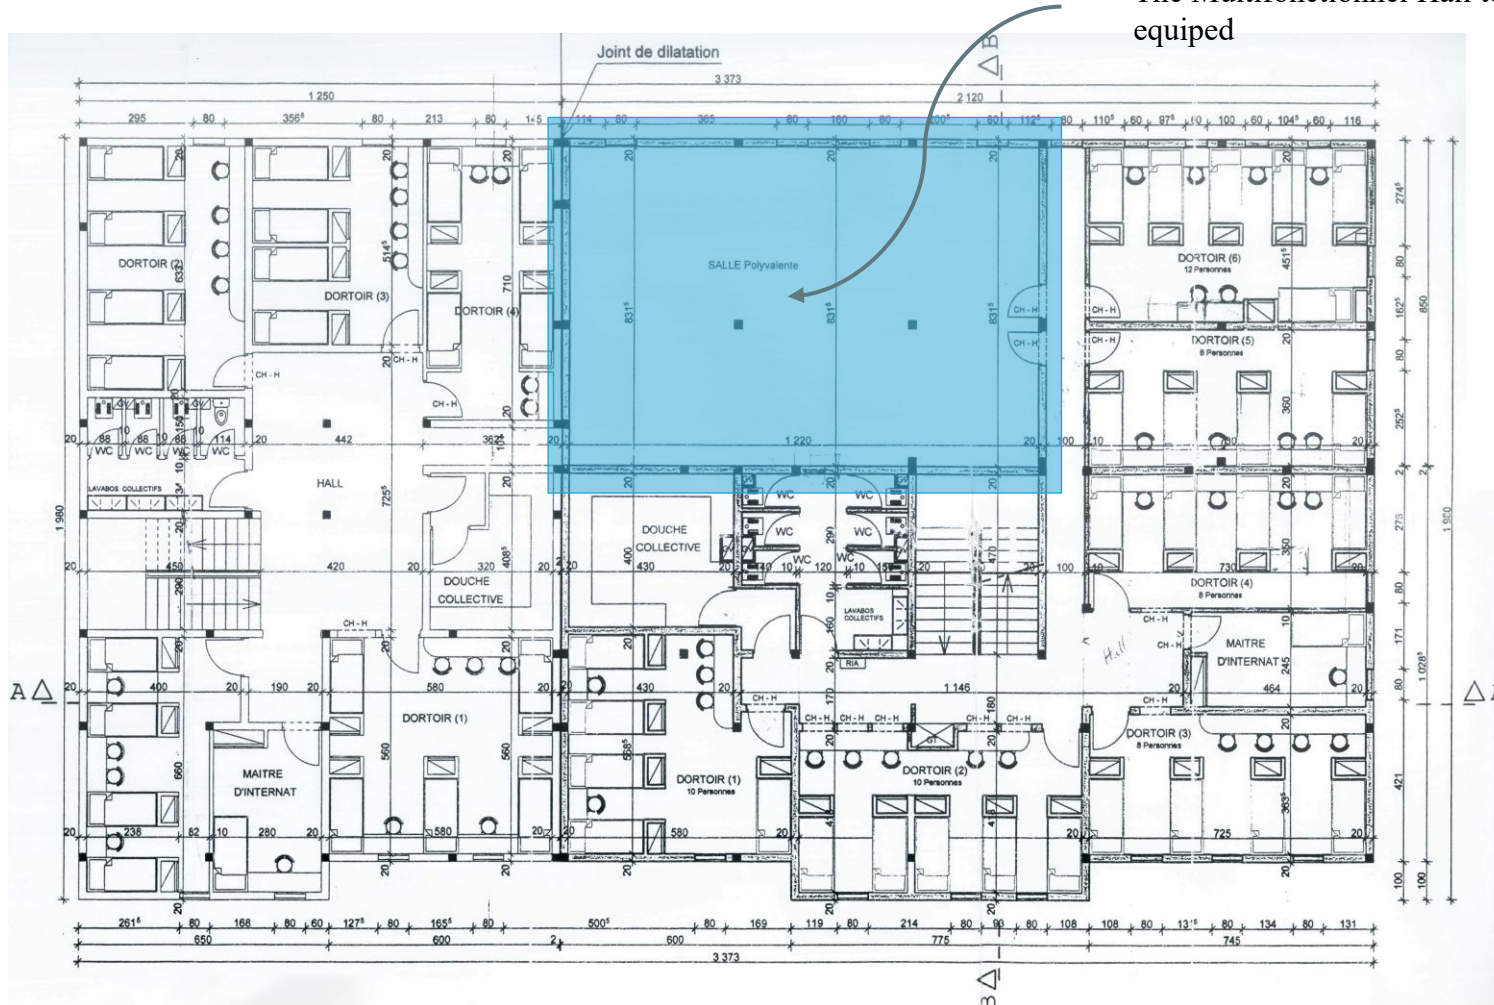

The boarding school is situated in the heart of the Territorial Commune of Inchaden, within the Province of Chtouka Ait Baha, Morocco. It is conveniently located close to both the local college and high school, providing easy access for the students
