

**PROYECTO  
DE VIDA IAP**

# Proyecto de Vida IAP Donor Presentation

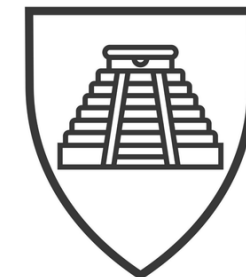

Transforming Lives,  
Building Futures

# Who We Are

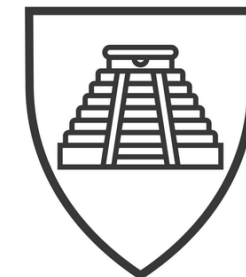

Proyecto De Vida  
is an orphanage.

We restore the human  
rights of children and  
adolescents who have lost  
parental care, helping them  
build their own life projects  
in a safe, family-like  
environment.

# Our Impact

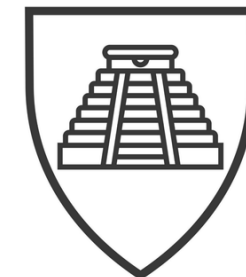

34 children and adolescents ages 4–17 receive comprehensive care focused on emotional, physical, academic, personal, and social development.

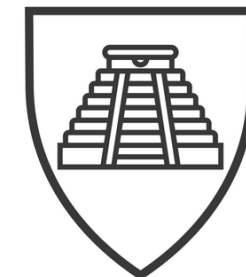

# What We Provide

Personalized care, trauma-informed education, safe living spaces, academic support, and life-skills training to foster independence.

# Your Support Matters

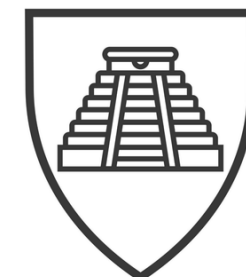

Many children arrive after experiencing violence, neglect, and trauma. These experiences affect emotional health and learning capacity. Your support helps them heal and thrive.

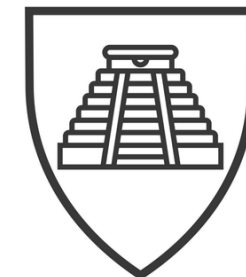

# Current Priorities

- Renovating study areas
- Technology and educational tools
- Skills workshops equipment
- Improved living spaces
- Staff training

We invite  
you to help  
us create  
our new  
homework  
area.

# Real Impact

- Renovating study areas
- Technology and educational tools
- Skills workshops equipment
- Improved living spaces
- Staff training
